

MY APP INSPIRACIÓN QUOTES

Ruben Ortega

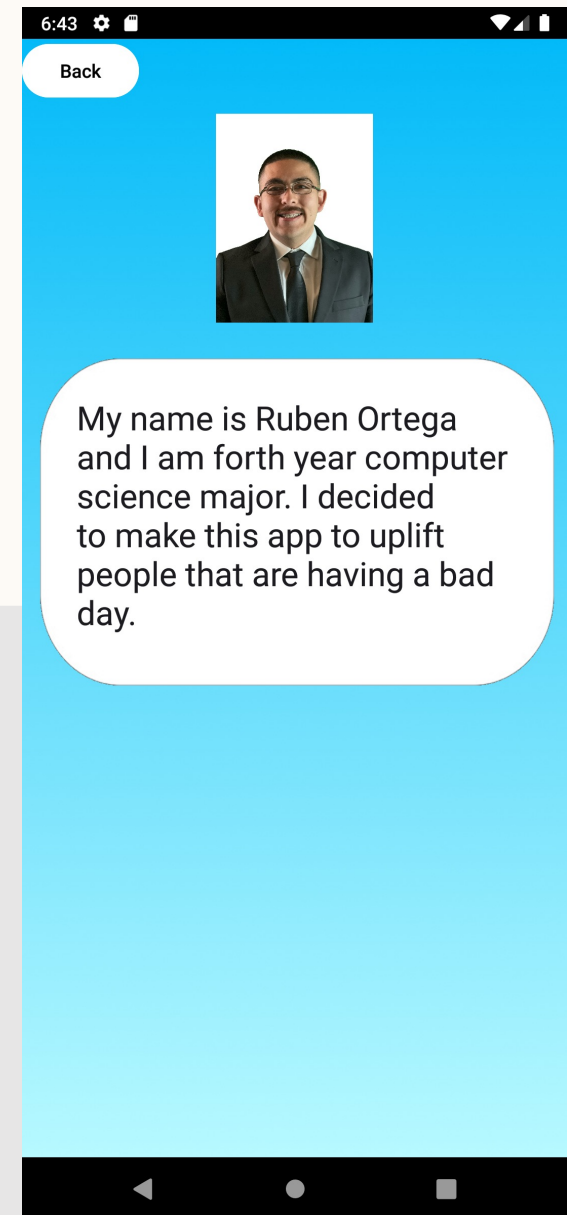

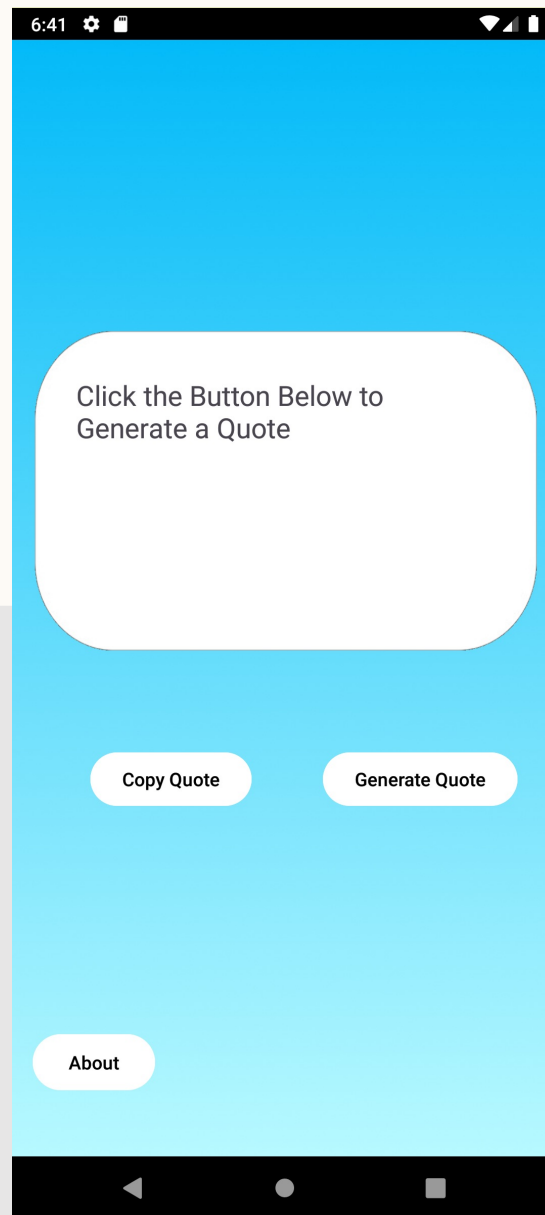

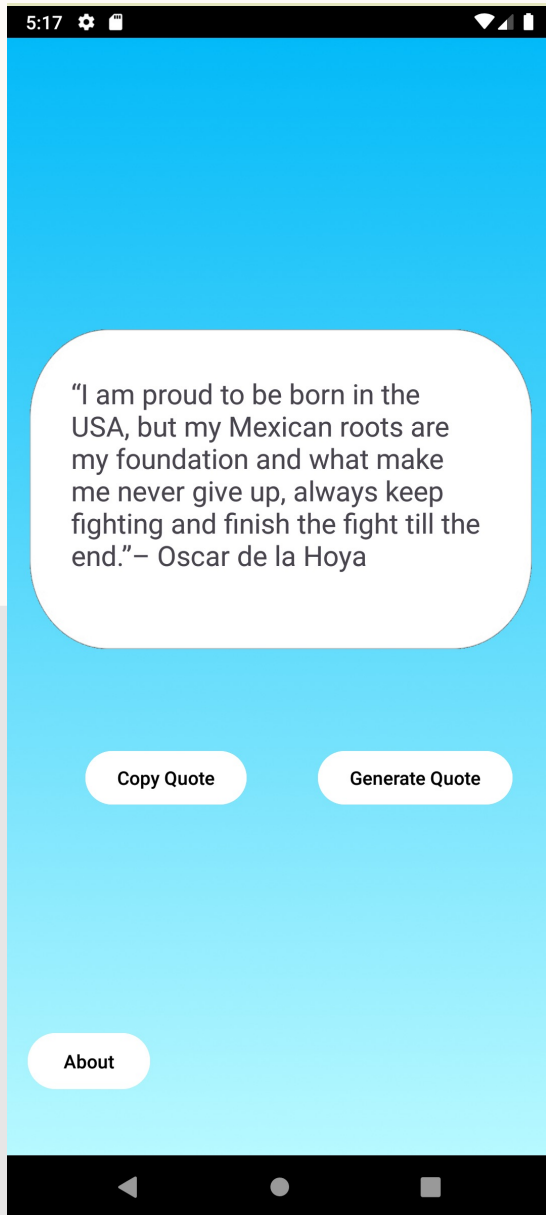

INTRODUCTION

For my art expression I created an app with some of my favorite quotes about Latino people or by Latino people. I am currently in the process of getting the app on the Google play store. I decided to create this app because I read a lot of sad things in the book relating to the border. I wanted to make something to cheer and motivate people. I'm not much of an artist but I can express myself in a different way.

The background features a light gray field. On the left, there is a vertical green band. Within the top of this band are several concentric white circles. To the right of the green band, there is a large blue quarter-circle in the top-left corner, a pink triangle in the bottom-left corner, and a red triangle in the bottom-right corner.

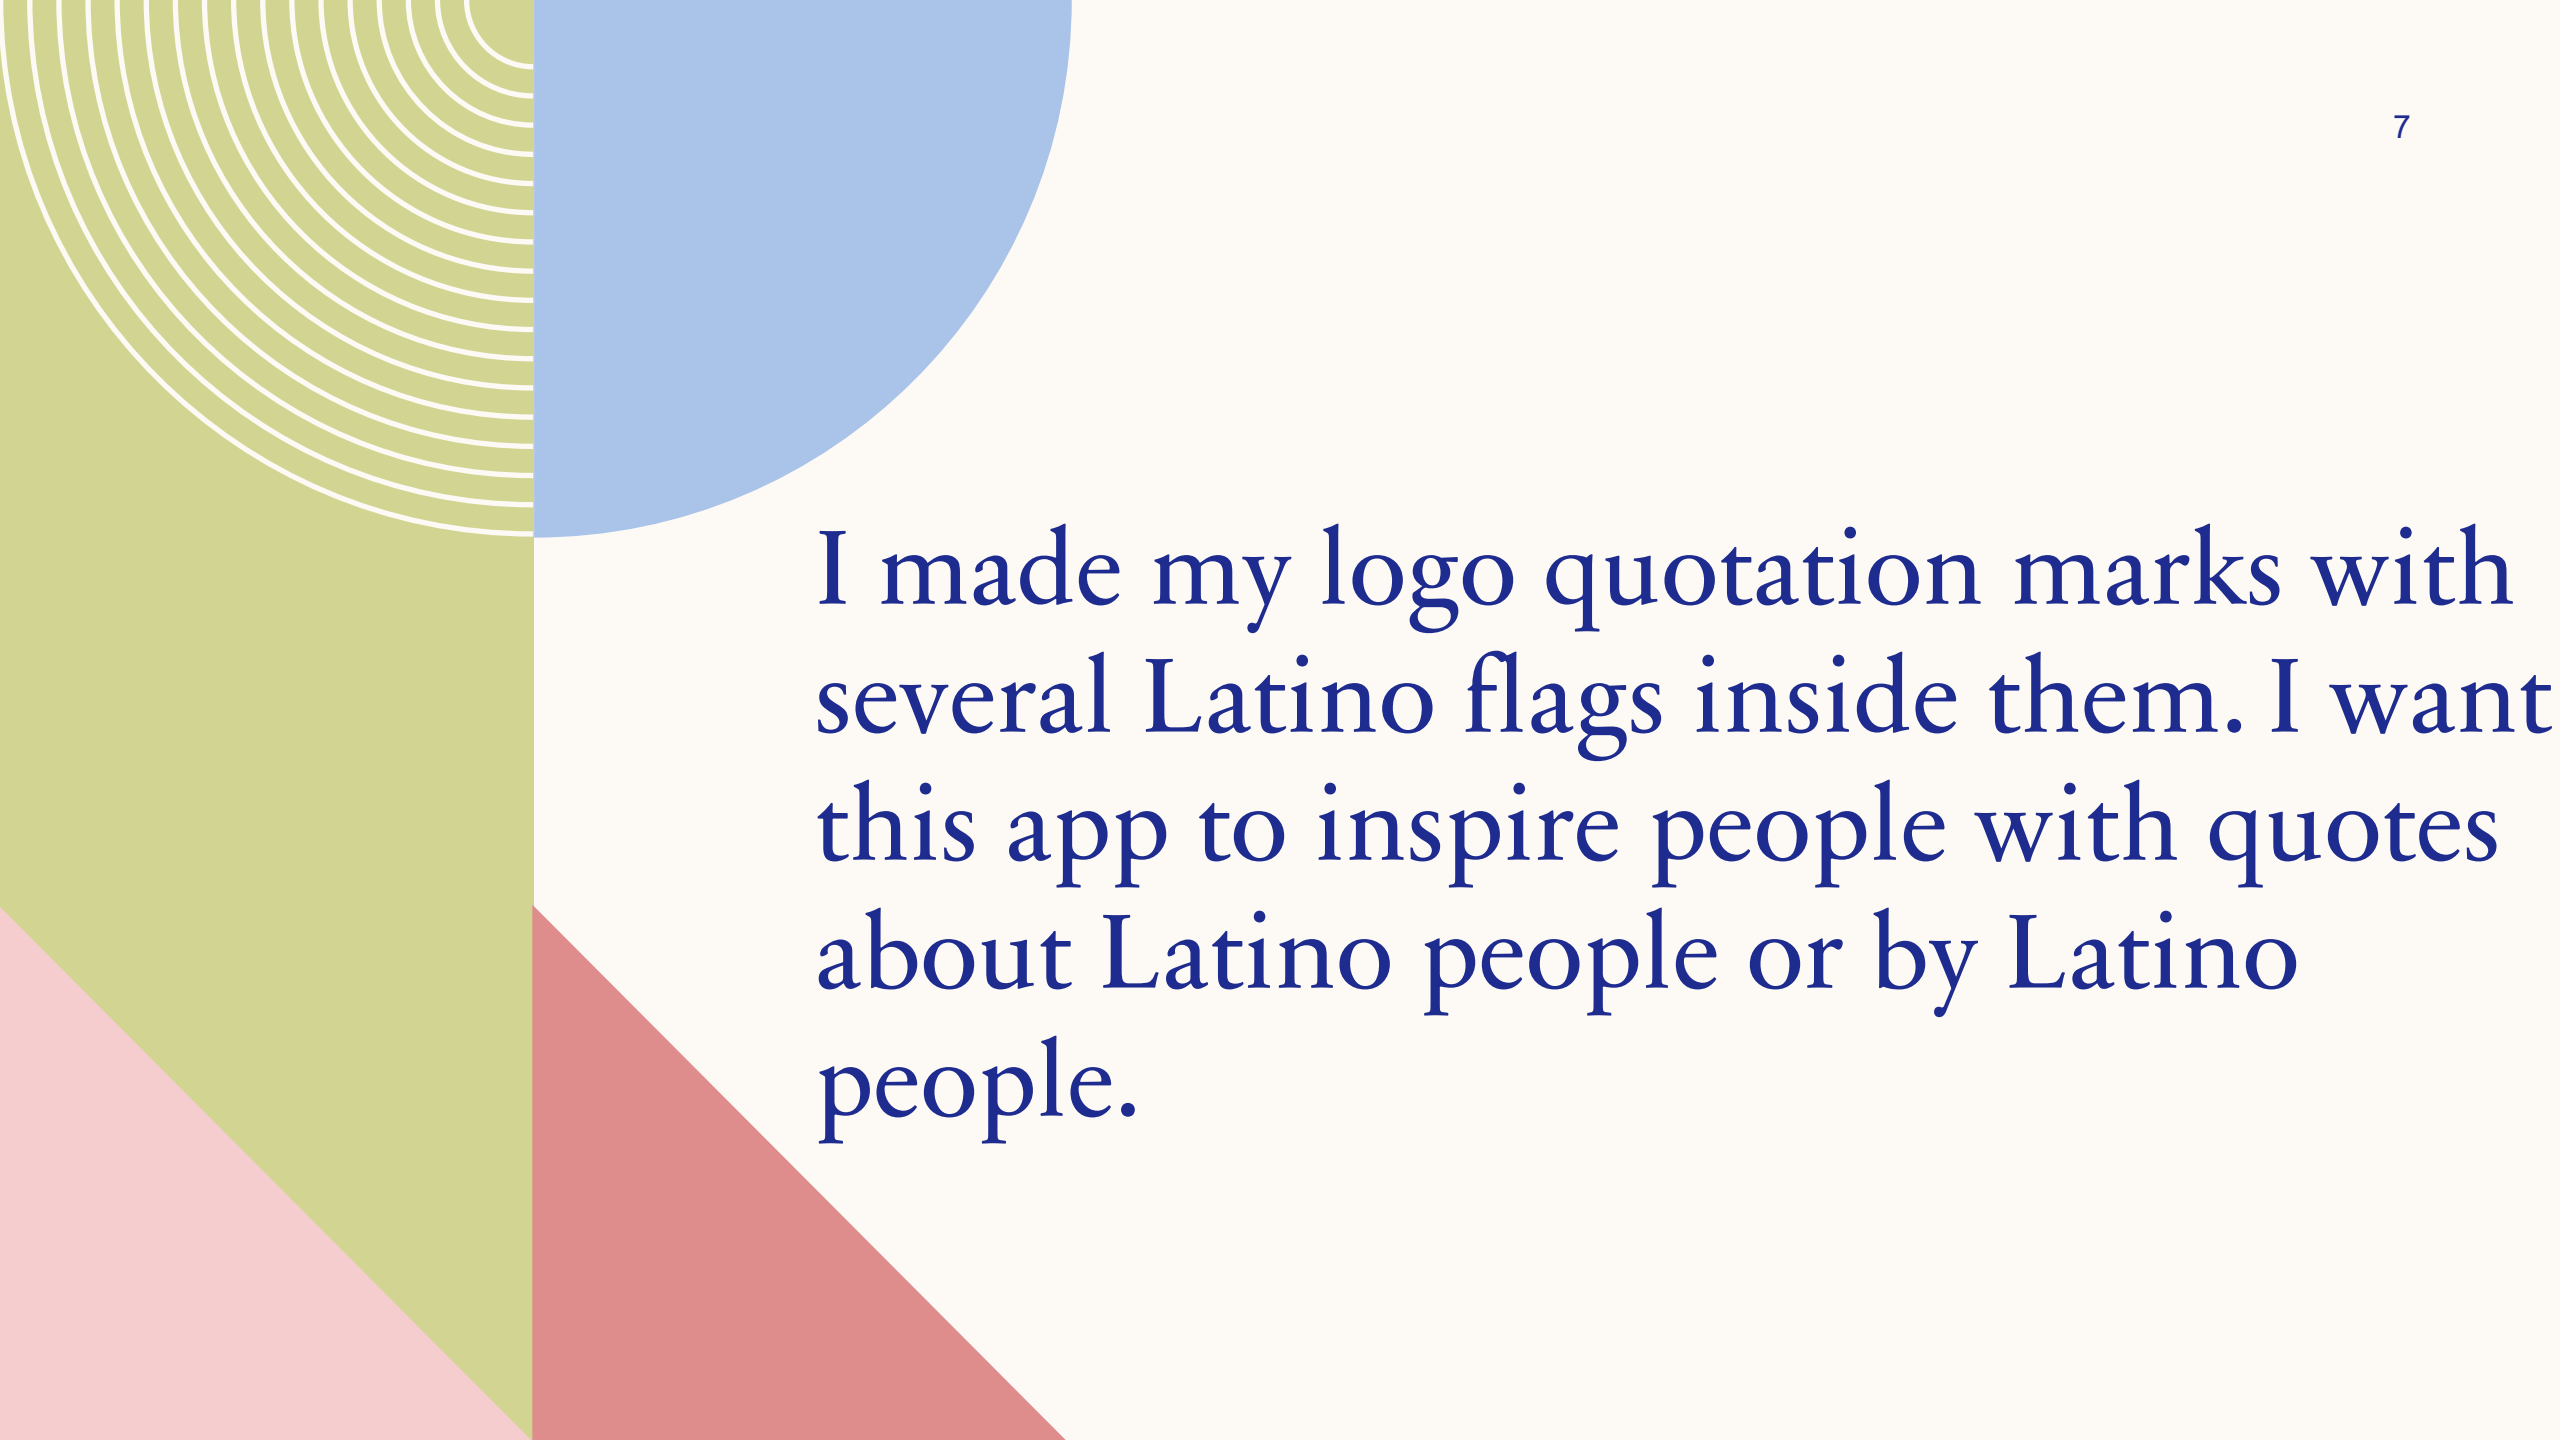

**HERE ARE A COUPLE OF
SCREENSHOTS OF MY
APPLICATION.**

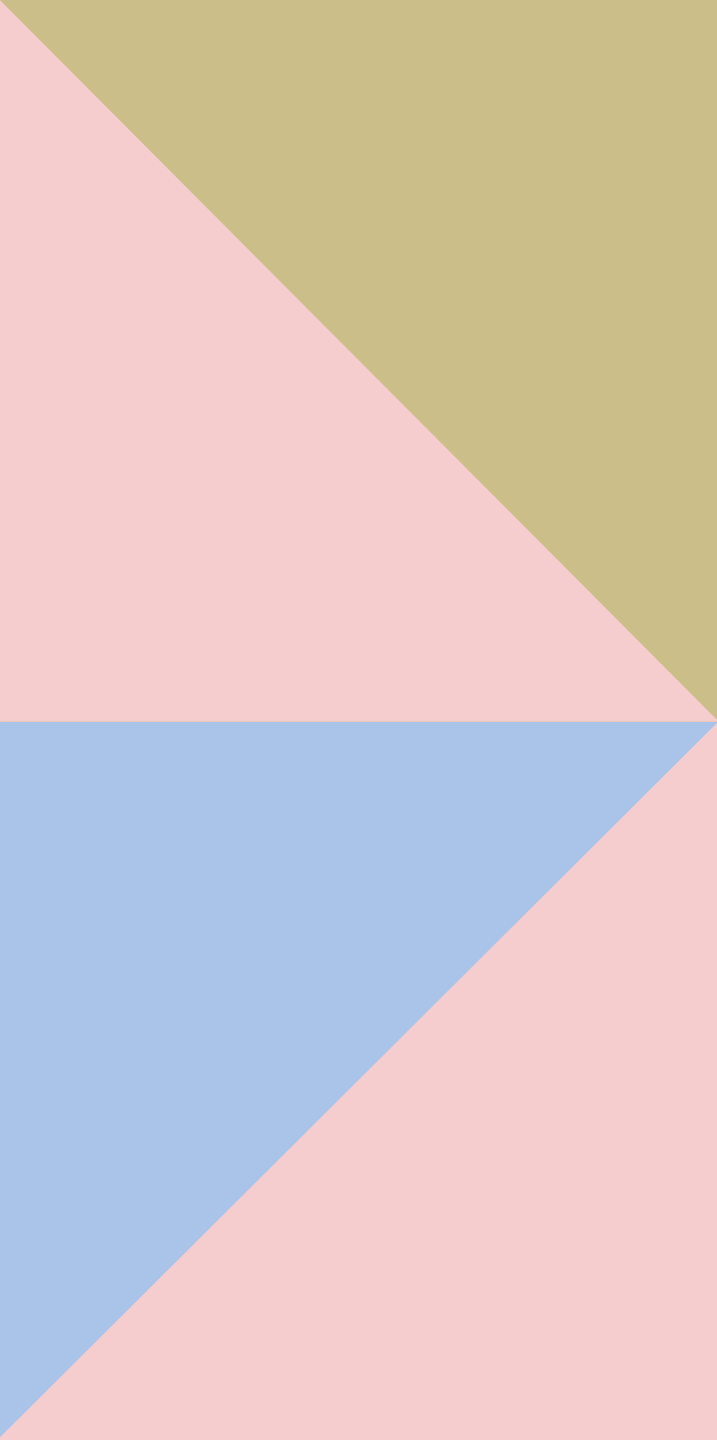

The background features a series of concentric white circles on a light green field in the top-left corner. A large light blue semi-circle is positioned in the top-center. The bottom-left corner is divided into a light pink triangle and a light red triangle. The text is centered on the right side of the image.

**HERE IS THE LOGO I
CREATED FOR THE
APPLICATION**

I made my logo quotation marks with several Latino flags inside them. I want this app to inspire people with quotes about Latino people or by Latino people.

If you want to know a bit more on the how app was made, I will have a link to a video explaining the more technical aspects.

This app is still a work in progress, and I am happy to take suggestions for new features.
